THIRTY-THIRD ANNUAL REPORT

OF

**THE WORKMEN'S
COMPENSATION BOARD**

OF THE

PROVINCE OF ALBERTA

FOR THE

**Year Ended December 31
1950**

March 31, 1951.

**To the President of the Executive Council,
Province of Alberta,
Edmonton, Alberta.**

The Workmen's Compensation Board has the honour to submit its report for the year ended December 31, 1950, in accordance with Section 50, Subsection (2) of the Workmen's Compensation Act.

Under the Workmen's Compensation Act 1918, workmen's compensation came into effect on August 1, 1918 and from that date until December 31, 1950, there have been 461,707 accidents reported to the Board. The expansion of industrial activities in the Province has been exceedingly rapid during the past ten years and the following summary sets out the number of employers registered with the Board and the assessable payroll as shown by the Board's records for the years 1941 to 1950:

Year	Number of Employers	Payroll
1941	6,497	\$105,716,325.00
1942	6,322	118,334,696.00
1943	6,292	135,950,744.00
1944	6,648	145,735,864.00
1945	7,438	148,717,385.00
1946	8,677	178,561,773.00
1947	9,448	201,623,155.00
1948	10,241	255,656,020.00
1949	11,162	299,906,225.00
1950	11,992	322,000,000.00 (estimated)

The number of accidents reported each year to the Board also increased greatly during the above period and the following is a list of the accidents reported during those years from which it may be noted that the number of accidents reported to the Board during the year 1950 is almost double the number of accidents reported in 1941:

Year	Accidents Reported	Fatalities
1941	16,928	97
1942	18,680	59
1943	19,700	73
1944	19,286	48
1945	19,154	74
1946	23,068	64
1947	25,864	87
1948	28,557	101
1949	32,396	115
1950	33,337	120

The expansion of industrial activity and the increase in the number of accidents reported to the Board has caused each year a corresponding increase in all branches of the Board's work. The Board is pleased to report that during the year 1950 its large volume of work was satisfactorily dealt with by a loyal and efficient staff.

The Claims staff has continued to deal with the large number of accidents in a very efficient manner and has endeavoured at all times to see that the claims are dealt with promptly and payments made to the injured workmen as soon as possible after all reports are received.

The Assessment Department has maintained the auditing of employers' payrolls at a high level notwithstanding the increase in the number of employers coming within the scope of the Act.

The various industrial areas of the Province were visited regularly by Medical Officers of the Board to ensure that injured workmen were receiving adequate medical and hospital treatment and to personally follow their progress.

The Accident Prevention work of the Board was further expanded during 1950 and two Safety and First Aid Schools in Edmonton and one in Grande Prairie were conducted for workmen and employers during the year. The Board was able to arrange through the Department of Education, to have a series of lectures on safety and first aid given to students at the technical and high schools in the major centres of the Province. The more recent general interest of both employers and workmen in safety through the increased use of regular meetings of safety committees and supervisory personnel, the employment of full time safety supervisors, and the organization within industries of safety associations is beginning to have a favourable effect on the accident experience of those industries so interested. The policy of exhibiting protective equipment, mechanical guards, etc., and distributing safety literature by the Accident Prevention Department at as many of the summer fairs held in the Province as could practicably be done was again carried out.

Mine Rescue training was carried on throughout the year under the direction of the Mine Rescue Superintendents of the Board. Forty-three miners qualified for their Mine Rescue Training Certificates while many others completed their first aid training. Regional competitions in mine rescue and first aid were conducted at the major mining centres. On two occasions during the year, mine rescue teams were called out to help combat under-ground fires in coal mines and on two other occasions, mine rescue men took part in the work required following disasters underground in coal mines which occasioned in one case the death of two men and in the other, the death of five men.

The application of the Reserve for Disasters as brought into effect on January 1, 1948, was slightly modified in detail in 1950 and the number of classes which received assistance was as large as in the previous year.

Architects were engaged to prepare plans for a Rehabilitation Clinic and the Board hopes that the construction of the same may be proceeded with during the coming year.

The Board's program of retraining permanently disabled workmen so as to fit them for gainful employment and give assistance where required to temporarily disabled workmen was continued and expanded during 1950.

During the year the Board visited various districts in the Province to interview employers, workmen and their representatives, to discuss matters coming under the Act.

The Board takes this opportunity of expressing its thanks to the members of the staff for their loyal co-operation and efficiency.

The foregoing is respectfully submitted.

C. M. MACLEOD, Chairman

A. FARMILO, Commissioner

C. A. HYNDMAN, Commissioner

GOVERNMENT OF THE PROVINCE OF ALBERTA**Office of the Provincial Auditor**

Edmonton, March 28, 1951.

C. M. Macleod, Esq., K.C.,

Chairman,

The Workmen's Compensation Board,

Edmonton, Alberta.

I have audited the books and records of The Workmen's Compensation Board for the year ended December 31, 1950, and the following report and undernoted statements are submitted herewith:

STATEMENT	PARTICULARS
1.	Balance Sheet
2.	Statement of Operating Reserve
3.	Summarized Statement of Transactions
4.	Provisional Financial Statement by Classes
5.	Statement of Transactions in Respect of Prior Years by Classes
6.	Statement of Administrative and General Expenses including Expenditure on Mine Rescue Stations
7.	Statement of Provision for Silicosis
8.	Statement of Provision for Pensions
9.	Statement of Reserve for Rehabilitation
10.	Statement of Reserve for Disasters
11.	Statement of Reserve—Section 33-(l), (n)
12.	Statement of Reserve—Section 33-(l), (k), (1943 Act)

Result of Operations

Operations for the year under review resulted in provisional surpluses of \$312,531.14 in respect of 1950 and \$864,627.63 in respect of 1949 and prior years, details of which are shown on Statements No. 4 and 5 respectively. The provisional surpluses have been consolidated on Statement No. 3 and carried to operating reserve as shown on Statement No. 2.

In arriving at the operating results in respect of Class 13-2, the fiscal year of which, for the Board's purposes, is November 1st to the following October 31st, assessment revenue applicable to the twelve month period ending October 31, 1951, and all expenditure during the months of November and December, 1950, has been deferred to the next fiscal period; and revenue of 1949 applicable to the twelve month period ending October 31, 1950, and all expenditure during November and December, 1949, deferred as at December 31, 1949, has been brought into account in order to show all transactions in their respective periods.

Assessment revenue shown on Statement No. 4 is based on actual payrolls for 1950, so far as they are known to the Board. Minor adjustments may be necessary when all information is available and payroll audits completed.

Rebates to employers who entered into arrangements, approved by the Board, for furnishing medical aid to employees amounted to \$42,086.41 and were charged against assessment revenue.

Payments for medical services in respect of accidents of 1943 and prior years, amounting to \$13,271.00, have been charged to the reserve for rehabilitation; also charged to this reserve were administrative and general expenses in the amount of \$8,346.45.

Total interest earnings for the year include an amount of \$99,641.14 being the unamortized discount in respect of Province of Alberta debentures called for redemption as at June 1, 1950.

ASSETS

Assessments receivable, less reserve

Assessments receivable have been adjusted to include assessments based on actual payrolls, so far as they are known to the Board. Minor adjustments may be necessary when all information is available and payroll audits completed. The reserve for doubtful assessments receivable amounted to \$46,778.49 at December 31, 1950, and is considered adequate. During the year under review accounts totalling \$3,973.72 were written off as uncollectible. Recoveries in respect of accounts written off amounted to \$262.59.

Advances to employees secured by chattel mortgages

Advances to employees secured by chattel mortgages amount to \$4,707.67. Repayments have been made as required.

Reserve for loss as at December 31, 1950, amounts to \$621,223.13 and was provided for possible future losses on realization of investments. Provision during the year under review amounted to \$70,500.00 as shown on Statement No. 2.

LIABILITIES AND RESERVES

Deferred income, net

Assessments levied in respect of Class 13-2, being for the twelve month period ending October 31, 1951, have been deferred in full until the next fiscal year. Likewise, all expenditure during November and December, 1950, regardless of year of occurrence of accident, has been deferred. The net revenue, \$357,725.90, is shown on the attached balance sheet under the above caption.

Estimated merit rebates

Merit credits to be allowed in respect of the year 1950 could not be determined prior to the closing of the Board's accounts, but provision, in the amount of \$378,080.00, has been made as an estimate of requirements.

Claims pending and unfinalled claims

The liability in respect of the above is an estimate, based on opinions of medical and administrative officials of the Board and the experience of certain previous years, of the amount required to meet all costs in respect of claims pending and unfinalled claims with the exception of claims arising from silicosis and those in respect of self-insurers' employees.

Silicosis

The liability in respect of the above is an estimate by officials of the Board of the amount required to meet all costs in respect of claims pending and unfinalled claims arising from silicosis.

Pensions

An evaluation of the Board's liability with respect to pensions was made as at December 31, 1948, by officials of the Board. Based on the assumption that interest earnings would be maintained at the required capitalization rate of 3%, the amount provided by the Board in respect of the pension liability as at that date was sufficient to meet requirements.

Interest earnings for the year were sufficient to meet actuarial requirements.

Reserve for rehabilitation

Under authority of the 1948 Act the reserve was increased by a transfer from reserve—Section 33-(l), (n) of \$454,423.61 being the balance of that reserve in excess of \$100,000.00 as at December 31, 1950.

As stated elsewhere in this report payments for medical services in respect of accidents of 1943 and prior years have been charged to the reserve following the transfer, as at December 31, 1948, of the amount standing to the credit of the reserve for medical aid to the reserve for rehabilitation.

Preliminary expenditures with respect to a rehabilitation centre, in the amount of \$37,325.00, were charged to the reserve during the period under review.

Reserve for disasters

There is no basis upon which an opinion could be formed as to the adequacy of the reserve.

Reserve—Section 33-(l), (n)

Under Section 33-(l), (n) of the Act, the reserve is provided to cover such portion of the cost of claims of workmen suffering enhanced disabilities as is, in the opinion of the Board, due to similar or other disabilities previously suffered. The balance of the reserve in excess of \$100,000.00 as at December 31, 1950, \$454,423.61, has been transferred to the reserve for rehabilitation as stated elsewhere in this report.

Reserve—Section 33-(l), (k), (1943 Act)

The reserve, which under Section 44-(8) of the 1948 Act is to be transferred to the Accident Fund, is presently being held to provide for adjustments required with respect to pensions suspended during the war years and paid into the reserve under Section 33-(l), (1) of the 1943 Act.

Operating reserve

The reserve represents the balance at credit of classes after provision for reserves as shown on Statement No. 2.

General

Subject to the foregoing report, I certify that, in my opinion, the attached Balance Sheet is properly drawn up so as to show the true financial position of The Workmen's Compensation Board as at December 31, 1950, according to information and explanations given to me and as shown by the books of the Board and the accompanying statements of revenue and expenditure correctly set forth the result of operations for the year ended at that date.

C. K. HUCKVALE, C.A.,

Provincial Auditor.
